INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

Applicant's 6 190206-2800	or agent's file reference	FOR FURTHER ACTION		cation of Transmittal of International Search form PCT/ISA/220) as well as, where applicable, low.				
International PCT/US03/3	application No. 35759	International filing date (day/month/year) (Earliest) Priority Date (day/month/year) 10 November 2003 (10.11.2003) 14 November 2002 (14.11.2002)						
Applicant BELLSOUTH INTELLECTUAL PROPERTY CORPORATION								
This interna	This international search report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.							
This international search report consists of a total ofsheets. It is also accompanied by a copy of each prior art document cited in this report.								
Basis of the Report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item. the international search was carried out on the basis of a translation of the international application furnished to this								
Authority (Rule 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing:								
	contained in the international	al application in written form.						
	filed together with the inter-	national application in computer rea	dable form	1.				
	furnished subsequently to the	is Authority in written form.						
	furnished subsequently to the	is Authority in computer readable for	orm.					
the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished.								
	the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished.							
2.	Certain claims were found	l unsearchable (See Box I).						
3.	Unity of invention is lacking	ng (See Box II).						
4. With r	regard to the title,	So the state of the state of						
	the text is approved as submitted by the applicant.							
	the text has been established	I by this Authority to read as follow	s:					
5. With 1	regard to the abstract,							
	the text is approved as subm	nitted by the applicant.						
				as it appears in Box III. The applicant may, ort, submit comments to this Authority.				
6. The fi	6. The figure of the drawings to be published with the abstract is Figure No. 4c							
	as suggested by the applican	nt.		None of the figures				
	because the applicant failed	to suggest a figure.						
	because this figure better cl	naracterizes the invention.
